How to turn your Apple device into a remote control

If you have questions about your machine, **DON'T** contact your dealer; please call Lobster Sports directly at 800.210.5992

1. Download the **Lobster elite remote control** from the App Store.®
2. Turn your ball machine on and press the "remote" button on the control panel.
3. On your device, go to the "settings" button and click on "Wi-Fi". A network called "Lobster Sports(x)" will be detected. Select this network.
4. Open the **Lobster elite remote control** on your device and allow 60 seconds for your machine and device to sync.
5. A flashing green light in the upper left hand corner of the app indicates you are connected.
6. When using Apple Watch, the iPhone must stay awake. To change "awake" settings, navigate to Settings>Display & Brightness>Auto-Lock>Never.
7. In the case of a disconnect, click on the icon in upper right corner of the app and hit "connect".
